Welcome to Team Healthcare Consulting, an affiliate of the USA based HQAC Healthcare Quality and Accreditation Consulting. We are a unique healthcare consulting company with a goal of improving the quality of healthcare internationally. Our strategy is to provide assistance near the place it is needed. We become one of your team, your healthcare providing family.

We realized that need for a Middle East based company to assist hospitals in preparation of international standards from ground up construction to international accreditation in order to assist in meeting patient goals and needs.

We realize the difficulty and challenges in multinational staffed hospitals and the huge responsibility of pulling everyone together as a team with the common goal of highest patient outcomes.

More and more hospitals are pursuing international accreditation. Operational level assistance is paramount to an expedient and efficient preparation. Team Healthcare Consulting can provide that missing link. We work with you to achieve your goals.
